PRERNA Partners with AJ Tutoring to Provide Academic Support for Bay Area Refugee Students.

Santa Clara, California - June 11, 2018 - PRERNA announces a new partnership with AJ Tutoring to bring efficient and effective test preparation and academic support for refugee students to receive the skills they need to succeed in higher education.

Education is a critical step for any refugee trying to rebuild their lives in a foreign country. Continuing their learning in a new language can be rather daunting at times, especially when refugees think about how to mix in with students in a competitive environment often seen in Bay Area schools today. PRERNA takes the education focus very seriously in how we plan and work with refugee families to meet their needs. It is a key pillar in guiding youth to become independent as well as an important chapter of their new journey as they restart their lives in the U.S.

PRERNA is partnering with AJ Tutoring to provide a level of educational depth in almost all academic subjects for refugee students in the Bay Area, so they can achieve higher test scores (SAT, ACT, AP exams, etc.) and improve their grades to successfully advance their education.

Moreover, PRERNA and AJ Tutoring will provide workshops to improve refugee students' study skills during the summer in addition to developing personal education plans for each student to meet their individual needs and goals.

“PRERNA believes in the philosophy of collaborative success in the community and strives to strengthen its ecosystem with the addition of like-minded partnerships. We are very excited to announce that AJ Tutoring will be enhancing the education segment of our offerings and elevating the end user experience as a whole for our refugee families.” ~ Meena Sankaran, Founder and Executive Director, PRERNA

“Quality education has the power to change lives. We believe that everyone deserves access to great education, and we are excited to partner with PRERNA in an effort to empower their students to reach their academic potential.” ~ Aaron Andrikopoulos, Co-Founder, AJ Tutoring
