Greetings!

As 2017 draws to a close, we thank supporters like you for making a difference by donating your time and contributing to empower local refugees. You are giving them a chance for a life that is safe and filled with hope and new opportunities. It is people like you who have helped PRERNA make this possible for newcomers here.

In 2018, new refugee families will be arriving who will need essential services and guidance to restart their lives. Please give a gift to welcome and empower our new neighbors and friends. Time is running out in 2017. Will you make a 100% tax-deductible donation today?
