

Help Us Welcome Refugees with Starter Kits

Greetings!

Today, PRERNA is partnering with GlobalGiving in its week-long Little by Little Campaign to raise small donations for people in need. Your gifts will help us provide Starter Kits to new refugee families who come to the U.S. with few belongings, a difficult past and high hopes for a better future. An important first step is to welcome them with Starter Kits of essential supplies so they can start rebuilding their lives

Starter Kits for Refugees

Starter Kits offer comfort to new refugee families who have traveled far and long to the U.S. They welcome newcomers and include health and hygiene supplies such as soap, shampoo and deodorant, as well as notepads, pencils, crayons, snacks, bus passes, local maps and more. In some cases, we may supply clothing and small household items depending on the needs of the family.

Stretch your Dollars

From now through Friday, April 13, your donations up to \$50 will be matched at 50% by GlobalGiving who has reserved \$50,000 for this program. Plus, all new monthly donations will be matched by 100% for the amount of one month's donation. If you are a new donor, this is an opportune time to make a gift. Even \$10 will make a difference as small donations can lead to big changes.

Give a Gift Today

Help us raise \$5,000 to meet our goal so we can welcome more refugee families in 2018. **Read about our program services** and learn how your donation will be used to help local refugees rebuild their lives. We encourage you to make a donation **by Friday, April 13**. Every gift counts, no matter how big or small!
